

eMazzanti Technologies Brings Award-winning, Revenue-generating Managed IT Services to Montreal Businesses

Retailers, manufacturers, distributors and local governments gain access to eMazzanti's managed IT, cloud and digital marketing services, and 24/7 support through new Montreal office.

Hoboken, NJ -- (Cision) August 23, 2018 – eMazzanti Technologies, A NYC area IT consultant and MSP, today announced the opening of a Montreal branch office. The strategic move by the company brings its full slate of managed IT and security, cloud and digital marketing services for retailers, manufacturers, distributors and local government organizations to the primarily French-speaking Capital of Quebec. The office is located at 180 Peel Street, Suite 360, in Montreal.

"eMazzanti's expansion Northward opens up technology-fueled growth opportunities for more Canadian organizations," states Jennifer Mazzanti, CEO eMazzanti Technologies. "We are excited to add French-speaking sales and support to our diverse, international team."

Highly Ranked Managed IT Services for Retailers and Others

eMazzanti Technologies provides network management and security services, including software development and optimization and a range of [digital marketing services](#) for retailers, manufacturers and local government organizations. The company also functions as a one-stop shop for retailers seeking POS and [payment technology](#), PCI compliance, network infrastructure and merchant services.

In a recent survey, eMazzanti ranked 2nd out of more than 150 firms on a recently released list of the Top NYC IT Consultants. The list was published by Clutch, a Washington, D.C. based ratings and review platform. The firm attributes much of its success to its focus on providing revenue-enhancing IT solutions.

Cloud Services, High Availability, Business Continuity and Disaster Recovery

Organizations of all sizes consider eMazzanti a capable, trusted partner to evaluate, deploy and manage growth-enabling cloud computing initiatives including disaster recovery and business continuity solutions. For the past seventeen years, eMazzanti has continued to provide an array of [customized cloud solutions](#) to businesses around the world.
