

eMazzanti Technologies Helps to Advance PCI Security Standards at Council Community Meeting

Hoboken's IT security experts contributing at exclusive Las Vegas PCI Security Standards Council North America event

Hoboken, New Jersey -- (Cision) September 20, 2018 – eMazzanti Technologies, a New York City area IT security expert, announced today that it will participate and exhibit at the PCI Security Standards Council 2018 North America Community Meeting held September 25 - 27, at The Mirage Events Center in Las Vegas, Nevada.

PARTICIPATING ORGANIZATION

eMazzanti Technologies is a PCI Security Standards Council Participating Organization and PCI Qualified Integrator (QIR). The company's IT security professionals at the meeting can be found in **booth 1303** in the Vendor Showcase at The Mirage Event Center.

"The Las Vegas meeting will ensure that our customers continue to receive finest-in-the-world data security services while providing an exceptional customer experience," stated Jennifer Mazzanti, CEO at eMazzanti Technologies. "eMazzanti's QIR and Participating Organization status demonstrate our commitment to strengthening retail POS security and to enhancing international data security standards."

eMazzanti's annual participation in the PCI North America Community Meeting strengthens eMazzanti's leadership in the [retail payment technology](#) and payment security fields. The meeting provides an authoritative venue where PCI professionals have their voices heard and discover ideas, solutions and strategic partners for tackling industry challenges.

Shaping Future PCI Security Standards

The PCI Security Standards Council is a global forum for the ongoing development, enhancement, storage, dissemination and implementation of security standards for account data protection. The organization is constantly working to monitor threats and improve the industry's means of dealing with them, through enhancements to PCI Security Standards and by the training of security professionals.

The Las Vegas gathering provides an opportunity for payment industry professionals to share PCI knowledge and discuss the future of the standards. Participants will also have the opportunity to network with key stakeholders across global regions and industry markets.

PCI Qualified Integrator

eMazzanti Technologies is the sixth of only a few hundred companies globally to be approved as a PCI Qualified Integrator under the stringent certification standards of the PCI Security Standards Council Qualified Integrators and Resellers (QIR) program.

In 2015, eMazzanti Technologies joined the PCI Security Standards Council as a Participating Organization. The New Jersey IT consulting firm works with the Council to improve payment data security worldwide through the ongoing development of the PCI Security Standards.

Compliance Management Services

eMazzanti Technologies offers [retail IT infrastructure](#), EMV integration and PCI compliance services to provide retailers with complete compliance management services from a single-source retail technology partner.

The company's offerings also include [full merchant services](#), QIR [POS application and terminal installation](#) and credit cards for testing and training. eMazzanti's compliance management services protect businesses from penalties and fines that may be levied against non-compliant organizations.
